5/21/67

Dear Mr. Lemere,

Your suggestion about Expo 67 is a good one but beyond the capacity of a single man.

I humbly know what to suggest to you. Perhaps the best thing you can do for your protection is to make a record. I shall keep the letter you sent me. If you have written others, especially if you have written the FBI, copies of the letter might be helpful.

However, let us hope there will not be another presidential assassination.

Sincerely yours,

Harold Weisberg
